Selectmen's Report.

—o—

The Selectmen of Whitefield beg leave to submit the following report of their proceedings the past year. On entering upon our duties at the beginning of the year we found by the printed report that the assets of the town appeared to be \$5,347.87 to make up this total the E. O. Colby, note was charged at \$1,094.38 with interest of \$65.66 making a total of 1,159.38. Using our best judgment and with the advice of a large number of our taxpayers, instead of further litigation we settled the entire matter for seven hundred and fifty dollars cash, making a reduction in our assets of \$410.04.

Among the first bills presented to us for adjustment was one of \$60.00 in favor of Ward & Douglas for curbing stone, used the previous year which on account of accession charges settlement had been delayed. Other old bills of nearly \$200.00 have come in through the year increasing the actual indebtedment of the town at least by \$250.

The tiling on hand reported in our assets at \$50.00 has been used in the sewerage the present year, and does not appear as assets. The unprecedented snows and blows of last winter, drifting the roads as never before in the memory of the oldest inhabitants, required an outlay of \$692.55 to make our roads and streets simply passable. The highways suffered by the melting snows in the spring and our bills for repairing roads are much larger than the previous year, during the summer the Carleton bridge on the Littleton road broke down and had to be replaced by a new one. It might not be out of place here to call the attention of the town to the fact that for the past year our bills for breaking roads and highways and bridges exceeded the appropriation for highways and bridges by \$894.13.

During the year one of our snow-rollers came to grief and had to be repaired, much as was the old man's barrel, he saved the "bang" we saved the pole, but the bill was \$57.75.

One of our worthy families but largely dependent upon us for support, in the early summer signified their desire to go to Vancouver, provided the town would assume the expense which was done at an outlay of nearly \$200.00 making a large bill to look at, but in the end a profitable investment for us and we are glad to report a fine move for the family.

Permanent improvements in concrete sidewalks and sewerage has been made at an outlay of a little over \$800.00 about \$170.00 of this has been paid by property owners along the line of the sidewalks.

During the year a bill was presented against the town in favor of Debbie A. Burns for damages caused by removing dirt to repair the Forest Lake road, of \$85.00 to save expenses in attorney bills we settled the damage paying \$25.00.

In closing up the business of the year we have endeavored to find and to pay all bills against the town.

To the itimized report we invite your attention.

Respectfully submitted,

J. H. WINSLOW,	}	Selectmen of Whitefield
A. N. McCLINTOCK,

C. EDWARD WRIGHT, Librarian.

GENERAL REPORT.

Far from being a moribund institution, the Public Library has never been more alive or more extensively patronized than it has during the past year. Never a year in its history, has there been a greater use of its privileges. The circulation exceeds* that of any year heretofore reported.

The library is approaching the 5000 volume mark in size. When one considers that its present quarters, when set aside for library purposes, were intended to accommodate the thousand or so volumes then composing the library, there is little occasion to urge that new and more commodious quarters must soon be provided.

Enough, perhaps, was said in the report of last year upon this point. Let those who have the means and desire to foster the growth of life along its gentler side in their native town, remember that there can be no better monument to their memory than a library building.

Last year, I reported 30 prosecutions for violation of the liquor laws and 27 cases of drunkenness; this year it will be noticed that there were only 8 cases of drunkenness brought to the court's attention.

A desk for the court room has been added this year. It was necessary not only for the trial of cases but as a repository of the blanks and files of the court.

There are about \$34.00 due the court on unpaid fines which the court regards as good.
